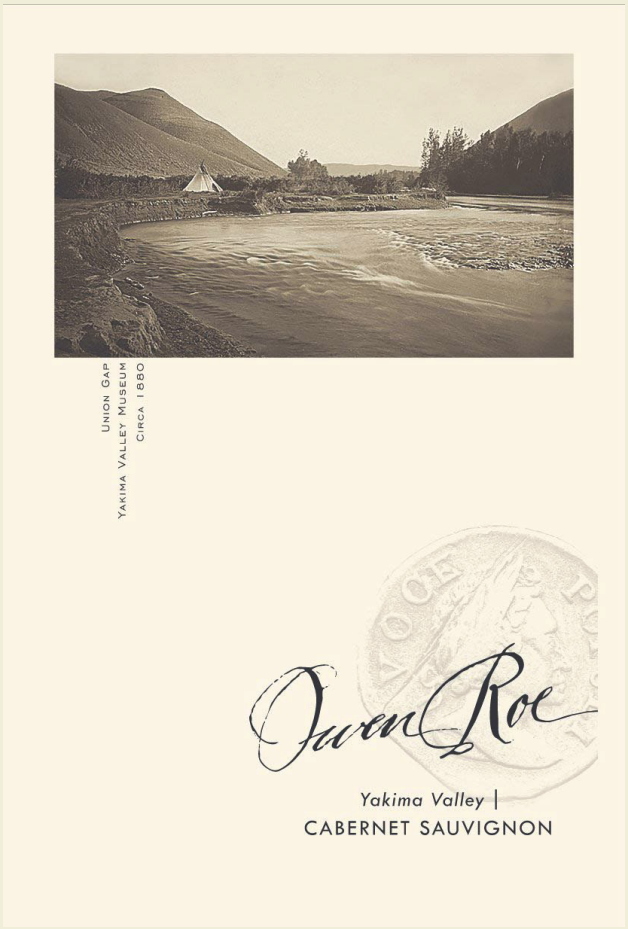
2022 Yakima Valley Cabernet Sauvignon



With so many hot vintages in the past two decades 2022 was a bit of a throwback year – with plenty of snowpack in winter the cool spring temperatures delayed budbreak and provided plenty of growth on the vines.

The cooler temperatures were followed by an intensely hot and short summer and ended with an extremely long glorious Indian summer.

The 2022 Cabernet Sauvignon in Yakima Valley is more old world in nature and will age spectacularly well. The wine is beautifully perfumed with dark fruit notes, with dark cocoa notes on the finish.
